Intersession Days

Intersession is to help improve instructional outcomes for our students. In light of the lost instructional time due to COVID-19 School Closures and Remote Learning, we feel that is necessary to be proactive in preparing to close instructional gaps that our students may experience. The intersession days will allow us to bring in targeted groups of students to address specific content gaps and get them back on track with real time support rather than waiting until the summer. In addition, we will be able to offer acceleration to our students who need further content enrichment. This time will allow for brain breaks and take our students further into the traditional summer months to reduce summer slide. Intersessions will be well planned, targeted learning opportunities for students.

Things to know:

1. Intersessions will be assigned to students based on academic or social emotional needs.
2. The intersessions are strategically placed to provide real-time support to keep students on track.
3. Intersessions are for recovery and advancement.

Intersession Dates: July 19-30, 2021 January 3-4, 2022
